Dr. John M. Cassady  
Department of Medicinal Chemistry  
School of Pharmacy  
Purdue University  
West Lafayette, IN 47907

Dear John:

I am assigning BS56807, Polytrichum ohioense Ren. + Card (Polytrichaceae) to you for fractionation. Rich Spjut will be sending you about 30-40 pounds of this moss shortly and is willing to try to collect more if necessary.

The screening data summary is enclosed.

Sincerely,

Matthew Suffness  
Acting Chief, Natural Products Branch  
Developmental Therapeutics Program  
Division of Cancer Treatment, NCI

cc: Mr. Spjut
